Dear Exhibitors and Sponsors,

On behalf of the National Neurotrauma Society, it is with great excitement that I invite you to attend the 37th Annual National Neurotrauma Symposium, Neurotrauma 2019, to be held at the Wyndham Grand Pittsburgh Downtown hotel in Pittsburgh, Pennsylvania on June 29-32, 2019.

Since its inception, this symposium has brought together scientists, clinicians, and health care providers who are dedicated to the study of neurotrauma and to translating knowledge generated by research into improved patient care. Join your colleagues and initiate new collaborations at this forum for supporting research and promoting liaisons with other organizations that influence the care and cure of neurotrauma victims.

As in previous years, I am honored to announce that Neurotrauma 2019 will be co-hosted by the National Neurotrauma Society and the American Association Neurological Surgeons/CNS Joint Section on Neurotrauma and Critical Care. This combination of expertise allows for presentations that integrate translational, and basic science data into improved patient care. Join your colleagues and initiate new collaborations at this forum for supporting research and promoting liaisons with other organizations that influence the care and cure of neurotrauma victims.

I look forward to seeing you in Pittsburgh!

Sincerely,

Amy Wagner, MD
President, National Neurotrauma Society

Innovative workshops will cover pertinent topics such as writing effective publications and grants, state-of-the-art patient care, conducting rigorous research, improving scientific communication, and use of cutting-edge technologies to accelerate discovery at both the bench and the bedside. CME credits will be provided for the meeting.

Several unique opportunities for collaboration and mentoring are planned including a Welcome Reception on Sunday evening, Lunch & Learn workshops, and a Tuesday evening dinner at the Heinz History Center.

We have reserved a large block of rooms at the Wyndham Grand Pittsburgh Downtown hotel at a reasonable rate for attendees. Amenities include complimentary WiFi, 24/7 fitness center, business center, on-site restaurant, swimming pool and Jacuzzi.

Getting to Neurotrauma 2019 will be easy, as a flight to Pittsburgh International Airport takes 90 minutes or less for 70 percent of North America’s population. Attendees from nine states, Washington DC, and parts of Canada can drive to Pittsburgh in fewer than 6 hours. Getting from the airport to Downtown Pittsburgh is a cinch, with convenient shuttles as well as affordable, regular bus service.

Neurotrauma 2019 promises to offer innovative opportunities for learning, mentoring, and collaboration for all attendees. Every attendee from a trainee newly entering the field to the seasoned neurotrauma professionals will discover new information in a scenic and stimulating venue.

I look forward to seeing you in Pittsburgh!
Not only are its sports teams a mighty force to be reckoned with, but the city has overcome adversity in a big way. Pittsburgh's affordable standard of living, top-notch health care facilities and cultural attractions combine to make it America's "Most Livable City."

Once a center for heavy industry, today Pittsburgh's skyline has been transformed. Riverfronts are thoughtfully developed, utilized for recreation now more than ever. Visit Frank Lloyd Wright's most famous home, Falling Water, only 40 miles from downtown. Enjoy the slower pace and beautiful landscape of the countryside.

In the eyes of many of its visitors, Pittsburgh offers a surprising and unexpected experience, with natural beauty, unique terrain and diverse offerings at every turn. Pittsburgh's history and blue collar image makes the city and its inhabitants approachable and unpretentious.
